Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Drawing objection: Mr. Lammes has added the reference number to the specification.

101 rejection: Examiner Mouzon will talk with a 101 expert to see if the proposed amendments to claims 27, 28, 30-36, 39 and 42 overcomes the 101 rejection, and then give Mr. Lammes a call by Tuesday morning (9/11/07).

After a discussion with a 101 expert Examiner Mouzon recommended the following preamble to overcome the 101 rejection, per expert: "A computer program product stored on a computer memory, having computer executable instruction for communication, the computer program product comprising." Mr. Lammes agreed with the changes.

It was agreed upon by the Examiner Mouzon that the current proposed amendments overcomes the initial prior art rejection.
